

Biopr^{insect}

Universidade de Vigo

FEUGA
FUNDACIÓN EMPRESA UNIVERSIDAD GALLEGA

1

Insect breeding for the studies of the project

2

Raw materials preparation and characterization

3

Production of the enzymes for the bioprocessing of mealworms

4

Bioprocessing of the insects

7

Product market research

6

Techno-economic and lifecycle analysis of the process

5

Preparation of the product for its commercialization

Transfer of the results

Development of dissemination activities

Total budget: 181.468,56 €

Total grant: 145.174,85 €
